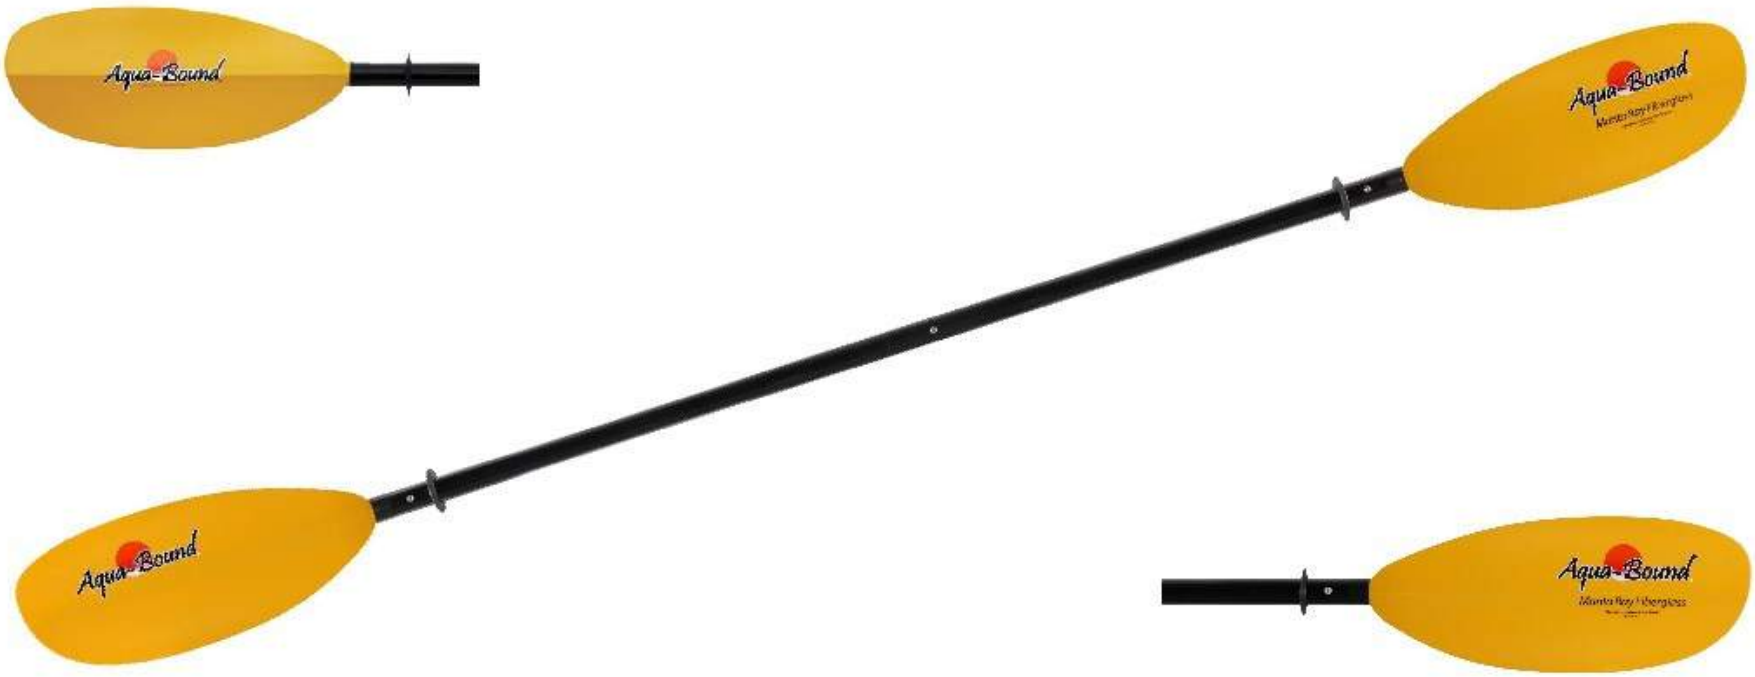
Aqua Bound Manta Ray Fiberglass Kayak Paddle

Our Manta Ray Fiberglass kayak paddle has more horsepower for big boats, high-angle paddlers and moving water. With a fiberglass shaft to help reduce fatigue and strain and our new stiffer, lighter abXII blades, this is a great recreational paddle. 3-Hole Snap-Button: Our trouble-free snap-button ferrule comes with 0 and 60-degree RHC and LHC feature positions. Quiet and precise, it won't squeak or wiggle.



<u>Product Specifications</u>
