

Old Town Predator MK Minn Kota – Fishing Kayak

HANDS-FREE FISHING

The Predator MK (formerly know as the XL Minn Kota) bridges the gap between fishing kayaks and bass boats and shallow water skiffs. This game changer is the combination of the Minn Kota motor and foot controlled rudder system, which allows you truly hands-free fishing. Now you can work your local shoreline like a tournament BASS angler, moving and casting at every dock, stump or over hanging limb without taking your hands off the rod to reposition your boat. We guarantee you will fish more and catch more fish!
