

## ***Amundson TR-K 10'6" Tour & Race Board***

*The 10'6 TR-K is a new addition tot he line-up; a performance shape for the little rippers up to 95 pounds. These kids can't handle the size and volume of adult boards, so we decided to design them one of their own. The narrow width makes it fast, so they can keep up with the group, and the lower profile makes manoeuvring easy.*

### ***Product Specifications***
