Octo-Z

Combination Regulator and BC Inflator

p/n 320-7200BK Octo-Z, black
p/n 320-7200YL Octo-Z, yellow

The high performance design of the Octo-Zs regulator section provides easy comfortable breathing at all Sports-Diving depths.

Features include:

- High flow QD connections for air supply
- Corrugated hose disconnect (So Octo-Z can easily be stored with regulator.)
- Corrugated hose rinse connection. (Allows a garden hose to be connected to the BC for easy effective rinsing.)
- Light but rugged design
- Balanced inflation valve, for easy use and precise BC fill-rate control. (The BC can be orally inflated through the Octo-Zs mouthpiece.)
- Both QD and corrugated hose fittings rotate (even under pressure) for easy, comfortable placement of the Octo-Zs body.
- Ergonomic placement and contrasting colors make the Inflate and Deflate buttons easy to find, distinguish and operate.

PRODUCTS

The Octo-Z weighs .5lb without the hose.
