- (2) Bow & Stern Lines

The SeaWing™ combines single saddle design and mid-point mounting to aid quick set-up and provide extra roof space. The low profile of the SeaWing will flex to gently cradle your boat and improve gas mileage

### Features:

- Only bottom down carrier in the market that allows roof space to transport two kayaks because of the mid-point mounting system
- Single cradle design provides easier set-up by eliminating the need to individually adjust each saddle in a four point carrier
- Gentle flex protects kayak at all times
- Universal Fit JAWZ Mounting Hardware works with Round, Square and Most Factory Oval Cross Rails
- Can assemble or transfer to another vehicle in minutes with "No Tools Required"
- Corrosion Free and UV Resistant
- Cam Style Load Straps with Buckle Protectors
- 50mm and 60mm Pre-coated mounting bolts (larger bolts available for purchase if needed)
- Economical to add Stinger Load Assist Module (also sold as a Combo package) that facilitates single person loading and eliminates contact between kayak and vehicle
