

Rotomolded Kayaks – Baffin P1

Baffin P1 is the intermediate to expert paddlers choice if you are a slender smaller in stature kayaker weighing less than 150lbs. The P1 is a very light and easy to handle kayak on or off the water with a great performance fit provided by its aggressive seat profile and thigh braces. The Baffin P1 uses the high quality PE material giving the kayak a brilliant look and great durability with maximum solar protection. The P1 is a performance kayak that can be used for Greenland skills training as it rivals other models in this category. Great edge control ensures confident paddling in demanding water. The Baffin could very well be the best do it all kayak out there for this size of paddler.
