

Rotomolded Kayaks – Sedna

The Sedna is one of our most versatile models. Its arched hull shape and waterline length have been designed to provide stability combined with very predictable behaviour while requiring minimum effort to maintain a cruising speed of 5 to 7 km/h. Comes standard with a rudder system.

Specifications:

Length:15' (4.57 m) - Cockpit: 17 x 32" (43 x 81 cm) - Beam:23 ¾" (60.3 cm) - Volume:103 gal us (390 l)
