

## **Amundson Source 11' 6" Board**

*The Source line is the result of our quest to make a board for everyone on the beach, so they can succeed on their first day on the water, and then come back for more. By going wider, stability is increased a lot. Adding extra volume helps float even our biggest paddlers. The deck pad goes all the way to the nose, so you can take your kids or dogs along for a ride. There are multiple deck inserts for attaching tackle boxes and coolers, so you can do a little fishing.*
