

## Sea Tec Tow Line

*A benchmark setting tow system that is even better now with the option to tuck the belt into an exterior pocket and turn the whole system into a deck mounted tow system. This sleek, compact waist mounted tow line unrolls to a large wide-mouth bag that is easy to re-stuff in rough water conditions. Built in collaboration with a number of Level 5 BCU instructors. Adjustable and removable shock absorber. Floating 1/4" H2Pro kernmantle polypropylene rope is easy to see in low viz conditions. Stainless steel eyed carabiner will not accidentally slip off the rope. Exterior carabiner park for quick access when needed. Floatation built into the bag keeps it afloat if detached. High visibility reflective strip. Waist belt camp release buckle with easy to feel pull bead.*

### Product Specifications

*Diameter (in.): 1/4" H2prO - Length (ft.): 35' - Tensile: 1300 - Bag Size (in.): 12 x3 - Weight (g): 565*
