

Karma 10'6" - All Around Board

The Karma 10'6" is a new breed of All-Around board that focuses on recreational paddling for medium sized riders on flat water. This board is the most stable, without making it big and heavy. It is designed with a wide nose and tail, and a modified Constant Flow rocker to give the board a relatively large effective "footprint" on the water. The result is the most stable board of its size.
