

## ***Amundson TR-X 14 - Tour & Race Board***

*The Amundson 14 foot TR-X is unique in that it is stable enough to handle long sessions on rough water, but also smoking fast on all types of courses: around the buoys, or downwind shuttles. This board has been updated with Amundson's new underwater shape in the nose area. The deep sharp V has been replaced by a fuller, more rounded cross-section. This helps send more water under the board to initiate planing, as opposed to out to the sides or up in the air and onto the deck. The Carbon/Custom technology makes this the lightest board in the range, coming in at just over 25 pounds.*

### *Product Specifications*

*14'0" x 27" x 7.25" (427cm X 68.5cm x 18cm) - 270 liters, 26 lbs. (11.8 kg)*

*Recommended paddler weight: 175 lbs. Novice, 275 lbs. Advanced - Technology: Carbon Custom.*
