

## **Amundson TR-X 27 12'6" - Tour & Race Board**

*At 27 inches wide and 217 liters, this board is sized to fit lighter paddlers who don't need the extra width for stability. It features a combination of speed and stability for larger paddlers because it has the added benefit of allowing the paddle stroke to be closer in line with their narrow shoulders. The narrow width of the TR-X 27 also makes it slightly faster, for any size advanced riders heading out on the race course. The board features a Bamboo/Carbon technology. This premium construction offers the beauty of a bamboo deck, with a Carbon/Innegra™ bottom layer that saves weight while maintaining great durability.*

### Product Specifications
