### XL CONSOLE SYSTEM – ADAPT IN A SNAP

Like the rest of the family, XL incorporates all the innovative Predator features that put anglers on top of the food chain. And now introduces an industry changing Modular Console System, designed for electronics, storage and power customization in just seconds. Quickly convert to power by Minn-kota, for completely hands-free all-day navigation, trolling or structure fishing.

- A PERFORMANCE CRAFTED TRI-HULL**  
LT900 polyethylene delivers incredible durability and strength. Tri-Hull design offers superior stability and tracking.
- B SLIP RESISTANT EXO-RIDGE DECK**  
Proprietary textured design ensures you and your gear stay dry and secure.
- C LARGE BOW HATCH WITH CLICK SEAL COVER**  
Roomy hatch opening is perfect for gear bags and more. Locks securely with one simple click. Keeps gear secure and dry.
- D SIDE-MOUNT PADDLE STORAGE**  
Side-mount holders secure your paddle out of the way when not in use.

- E 6 REMOVABLE MOUNTING PLATES**  
Strategically placed high-strength mounts mean no more drilling into your boat hull. Customize with rod holders, fish finders, slide tracks or GPS.
- F ROD TIP HOLDERS & ROD RETAINER BUNGIES**  
Dual-tip holders at the bow make storing easy. Side-mounted retainers allow for convenient grab-and-cast.

- G MOLDED PADDLE REST**  
Molded paddle rests allow for a quick placement to free up your hands.
- H SCUPPER HOLES**  
8 scupper holes drain away any water that enters the kayak, and include our patented one-way Scupper Valves.
- I DUAL TACKLE HOLDERS**  
Convenient recessed storage on both sides provides quick access to your gear.
- J STAND-UP ASSIST STRAP**  
Provides added leverage when standing (not shown).
