

OCEANER – 7 mm Commercial Polar Drysuit

The Commercial Polar is designed to meet the highest standards set by commercial and navy divers, offering outstanding performance and unsurpassed durability. Versatile simplicity is most important here. This suit is made entirely from Rubatex ♦ G-231-N which is recognized as one of the world's finest neoprene. The seams are strobrel stitched and taped internally, making this suit perfect for the rigorous demands placed on it. With extra-large vulcanized knee pads and the benefits of an internal zipper flap, and a cold water neck collar.
