

OCEANER - Pro Tri Cap

Oceaner designers together with input and testing from world class competitive triathletes have pulled together a solid line of triathlon swimwear. Every triathlete knows that the key to success is endurance and speed. Oceaner contributes to this success with functional design and by using only the highest grade smooth skin neoprene in presenting the ultimate in durability, warmth and mobility.

Product Specifications

Since the head is the major heat loss area of the body, a swimmer, in marginally cool waters, can often compromise obstructive body coverage (a wetsuit), with adequate thermal headgear. The 3 mm Pro Tri Cap is a swim cap design with over the ear coverage and an under the chin strap.
