

OCEANER - Shortie Pro Suit

Oceaner designers together with input and testing from world class competitive triathletes have pulled together a solid line of triathlon swimwear. Every triathlete knows that the key to success is endurance and speed. Oceaner contributes to this success with functional design and by using only the highest grade smooth skin neoprene in presenting the ultimate in durability, warmth and mobility.

Product Specifications

This version of the Pro Suit with above the knee leg length offers thermal protection in waters that are a little too cool for just a swimsuit. Even in warmer waters the buoyancy of neoprene is an asset for swimmers preferring added lift.
